Choppy Waters
Navigating the Intersection of Bankruptcy and Intellectual Property

This book includes a compendium of the various types of intellectual property and unique claims and other issues that may arise in the context of litigation; a discussion of the basic framework of both intellectual property laws and bankruptcy law; an introduction to some of the issues that may arise when intellectual property rights collide with the bankruptcy process; and the sale of intellectual property in bankruptcy, and important recent cases, such as the Supreme Court decision in Tempnology.

Thorny Issues in Consumer Bankruptcy Cases, 2nd Edition

As the title suggests, this book, written by leading members of ABI’s Consumer Bankruptcy Committee, focuses on many issues that offer complex challenges to consumer bankruptcy practitioners, including such matters as exemptions and discharges, the automatic stay, death and inheritance, how to choose the “right” chapter for a particular debtor and much more. It also includes an analysis and discussion of the ABI Consumer Commission Report (released in 2019).

Pre-Bankruptcy Planning for the Commercial Reorganization: A Brief Guide for the CEO, CFO/COO, General Counsel and Tax Advisor, 3rd Edition

Pre-bankruptcy planning for the commercial chapter 11 reorganization can be broken down conceptually into four distinct (although interrelated) categories, which are set forth in no particular order of priority: (1) preparation of management, key employees and exit strategy; (2) business preparation; (3) legal preparation; and (4) tax preparation. This update is an invaluable guide for CFOs, general counsel and tax advisors, as well as for practitioners who represent them in going through a reorganization.

Developing the Evidence: Using Prospective Financial Information in Bankruptcy and Other Litigation for Business Valuation, Damages and Other Applications

This guide provides attorneys, financial advisors, valuation analysts and court-admitted experts with perspectives on questions regarding the future of a business and the underlying documentation that involves prospective financial information. The authors review important valuation and diligence concepts, explain the types of prospective financial information, and introduce professional standards that offer guidance about their interpretation and application.

Acquisitions from Financially Distressed Companies: An Overview

This brief primer offers six strategies for acquiring the assets of a distressed company, and then covers four main procedures for selling or purchasing assets through a bankruptcy proceeding. The publication also includes a handy chart detailing the differences between 363 sales and nonbankruptcy sales of a distressed company's assets.

This fourth edition includes the latest issues confronting bankruptcy and insurance jurisprudence, including jurisdictional issues in light of the Supreme Court's decision in *Stern v. Marshall*, the rise of sexual abuse-related mass tort bankruptcy proceedings in the aftermath of state-enacted "window" legislation, and the use of the Bankruptcy Code to effectuate a policy buy-back as an efficient means of resolving insured/insurer disputes.

Bankruptcy Litigation Manual: What Civil Litigators Need to Know, 2nd Edition

This update to one of ABI's most popular manuals, written and edited by leading members of ABI's Bankruptcy Litigation Committee, adds guidance on *Stern*, sections on Federal Rule of Bankruptcy Procedure 2004 and adversary proceedings, and updates the case law citations. A must-have for any practitioner!

Construction Issues in Bankruptcy: Executory Contracts, Mechanic’s Liens and Other Issues in Construction-Related Bankruptcies

This comprehensive guide is written for the people who run construction companies, construction lawyers, and bankruptcy professionals representing parties in distressed construction matters. It identifies and analyzes the recurring, material issues that arise in construction-related bankruptcies, and describes specific strategies that project owners, contractors, subcontractors, suppliers and project lenders should consider when confronted with a construction-related bankruptcy.

The Small Business Restructuring Act of 2019 is one of the most important pieces of bankruptcy legislation passed since BAPCPA in 2005. This free guide, written by distinguished judge Paul W. Bonapfel (U.S. Bankruptcy Court, N.D. Ga.), offers an analysis of the new Subchapter V of the Bankruptcy Code, as well as insights into the emerging case law. This guide is extremely useful for any practitioner who has to guide clients through a small business case from inception to confirmation.

Most ABI print books are also available in digital format, either separately or in combination. However, the books listed below are only available as digital editions. The “Best of ABI” books — produced each year to cover the most important topics in business and consumer bankruptcy, as seen through the lens of ABI Journal articles and conference seminar materials — are available individually or can be purchased as a bundle. All digital versions can only be purchased online at store.abi.org, where they can be downloaded instantly.

2020 editions of the Best of ABI will be available in late January/early February of 2021.
ABI bundles are priced to provide a significant discount over buying the books separately. If purchased online, buyers also have the option of adding digital versions of the books at a discounted rate.
